At this stage all I would wish to say is that there are problems with this project which may result in funding being withdrawn. As they have been given a short period of time to try and resolve these problems I would not wish to give the detail to anyone at this time. We should know more by the end of the month - Alex

I have received an enquiry from Tackle Crime in Kirkton regarding the withdrawal of funding from what I understand to be VIP Project Under 18's.

I am not fully acquaint with their function or the reason for withdrawal of funding.

I promised to get back to them to give them information.

I wonder if you can pass this to the appropriate officer to give me a response.

Thank you.
