Dear Sir

**Eighteen and Under
Fairer Scotland Fund**

We refer to the above matter and to your letter dated 15 May.

Our clients are, and always have been, willing to engage in a process of meeting the standards required by the Council's approved providers list.

Their policies are currently being updated and they are happy to incorporate the suggestions that you make in your letter of 28 April – namely, that they insert details of the circumstances in which they would make a decision to refer to a statutory agency, and examples of the type of agency they would chose. They are also happy to acknowledge in their policies that they adhere to the document *"It's everyone's job to make sure I'm alright"*.

Is there anything else that our clients can do to meet the standards required by the Council's approved providers list? They are happy to be guided by you on this.

Yours faithfully
